Dear Flower Friends, Again it is time to thank one and all for the seeds, cards and 1 letters sent in, when room will print names. I cannot as well express this friendly feeling so well as a flower friend has sent in "Isn't friendship wonderful? Companion-ship and friendly help without ever meeting each other? And all your seeds sprouting and coming into bloom keeps you constantly in mind all next season!" Am sure you all feel the same way. Be sure and keep this list for next year printing too high priced at these low prices for the seed to get any more printing done. Nameographing takes so much more room all seed names may not get in again.

I have asked for subscriptions when expiring--it IS UP TO YOU IF YOU WANT the Gardeners Cooperative to continue--it cannot be done without income. Otherwise the seed will be advertised in another publicaion ONLY and it is much higher priced as no free lists are possible at the higher and higher postage increases. This year am asking that YOU INCLUDE POSTAGE to help with expenses. Name 2nd & 3rd choices of seed. Yours, M. Hoffman
